EDMONTON, ALBERTA, THURSDAY, JULY 2 1903

No. 152

DOMINION DAY AT THE EXHIBITION

Edmonton celebrated the 36th birthday of this glorious Dominion of Canada yesterday by the second day of her great exhibition. All the principal stores and houses were gaily decorated with bunting and flags of all kinds. The weather was the unfortunate feature as it was showery throughout the day. This was all the more exasperating when it was known that St. Albert, a few miles north, and Strathcona, to the south, were enjoying sunshine. The showers seemed to hang about the flats on the north side of the river. In spite of the rain rig after rig commenced to pour into Edmonton in a perfect stream. Everybody seemed to be coming to town. The road to the exhibition grounds was thick with people. Numerous buses plied between the town and the grounds. Calgary and Strathcona were exceedingly well represented. Ladue, Wetaskiwin, Lacombe and other towns down the line sent their quota of sight-seers. The grand stand was jammed full. As many as eight thousand people were on the grounds at one time. Everybody enjoyed themselves and the exhibition, as an exhibition, was eminently successful.

The program of the day opened with a Gun Club Tournament at the Fair Grounds at 9 a.m. The entries were numerous and the shoot very satisfactory. The prize list will appear later. Following the Gun club shoot were the athletic sports at 10 a.m. Although the entries were not numerous, the different events were very keenly contested. Part of the foot races were postponed until the afternoon.

After dinner horse racing was proceeded with. The races in themselves were very good and attracted a great deal of attention. A very disagreeable feature of the races was the starting. A great deal of time was wasted by nonsensical starting or rather not starting. After a couple of participants had been fined ten dollars each the races were finally pulled off. The races on the whole were very good and exceedingly well contested. Between the races the program of athletic sports, adjourned from the morning, was completed. A couple of the attractions for which the exhibition committee have written contracts, failed to put in an appearance. The Clara Hammer Company aided with a few of their specialties, of which the juggling was remarkably good, although seen to better advantage by lamp light.

In the evening the stock parade took place. Too much cannot be said for the splendid exhibit of live stock of every kind. The fine animals were a credit to the Edmonton Exhibition. Later on an Indian pow-wow was held which afforded considerable amusement. About 11 p.m. the fireworks display took place. The display was grand, far exceeding anything ever before attempted west of Winnipeg. The effect was magnificent and the numerous crowd of people who journeyed to the exhibition grounds solely to see the fireworks, came away satisfied. The exhibition of Baden-Powell's armored train was wonderful and fully up to the highest expectations. This closed yesterday's program.

PERSONAL

Dr. Stewart, of Calgary, is taking in the Exhibition here this week.

Frank Vickerson and wife of Lacombe are attending the Exhibition.

Miss Olla Standish, of Lacombe, is visiting friends in Edmonton this week.

J. W. Herie, Wetaskiwin, arrived in Edmonton last night to attend the fair.

Dr. Harrington, veterinary surgeon, Lacombe, arrived in Edmonton on last night's train to attend the Exhibition.

Frank Schantz, formerly of Port Elgin Ontario, but lately of Wetaskiwin, spent the last couple of days in Edmonton.

Mr. F. J. Bedson, in charge of the Hudson Bay post at Dunvegan and Grand Prairie arrived in Edmonton on Tuesday morning. Mr. Bedson has been in the north country for fourteen years. He is taking an extensive trip through different states before he resumes his work in the north. Actual settlers are beginning to arrive in the Grand Prairie districts and many more are expected to follow shortly. They are all greatly pleased with that district.

Mr. Tanton, an American, who recently went to the Grand Prairie district on a trip of inspection has returned to Edmonton. He says that he was so delighted with the country up north, that he put in a garden and broke up some land and is now returning home for cattle and farm implements, with which he will immediately return to Grand Prairie. Cattle wintered exceedingly well in the north and look as well as if not better, than the stock in the Edmonton district.

LOCAL

—Train left Red Deer on time.

—The teamsters' strike in Calgary will likely be called off in a day or two.

—The C. P. R. are contemplating the spending of the sum of \$160,000 on the Calgary and Edmonton road, principally on the roadbed and bridges.

—Rev. Archdeacon Holmes, wife and family arrived from the Peace River country on Monday. Mrs. Holmes and family are leaving for England on an extended visit.

—Chief Smart, of the fire brigade, Dr. Mara, Wm. Dymont, Hugh McLeod, J. A. Nolan and wife, William Parslow and John Hamilton are among the many Calgary visitors attending the Exhibition.

John Scarlett, of Sarnforth, Ontario, arrived in town last night. This is Mr. Scarlett's first visit to the West and he will spend a short time here looking over the country. He is a brother of James Scarlett, rancher, near Innisfail.

—The Calgary Herald is authority for the following: "The Macleod Gazette, which has been run in the Conservative interest for twenty-one years has changed hands and under the new regime the paper will be a Liberal organ."

—Leo Ferguson, assistant in charge of the Hudson Bay post at Grand Prairie, arrived in Edmonton Monday. He is on a three months' leave of absence and will go east to visit friends. Both Mr. Bedson and Mr. Ferguson have not been in Edmonton for over twelve years and when they think of the Edmonton of twelve years ago, they are greatly surprised at its present day size and importance.

—Frank H. Kito, who had completed arrangements for issuing the Lidue Record, has sold out his interest and goodwill in the paper to H. A. Olson, formerly editor of the Lacombe Advertiser. The first issue will appear as announced by the promoter on Friday, July 3rd, and will be continued by the new management along the same lines as indicated in the announcements. We wish Brother Olson success in the Record. Mr. Kito will continue in his position as business manager of the Bulletin.

—The Roman Catholic mission in the north have tested the steamer that they have put on the Peace river this year. The steamer took a trial trip to St. John's on the Peace river. The test was most satisfactory. On the steamer's downward trip they met the Indian commissioner, Mr. Conroy, and party, who were going north to pay a visit to the Indians. Conroy's party were in flat boats and were unable to proceed on account of the high water. The mission steamer turned about and took the party up to St. John's, thereby exhibiting the feasibility of successfully navigating the river.

BROTHER AGAINST BROTHER

The Clara Hammer Company played the comedy drama, Brother Against Brother, to a packed house on Tuesday evening. The large audience followed the play with the closest attention. Each character played his part well, in fact, the whole play was very superior to that given the preceding evening. A. M. Griffith as Harry Glyndon, the wronged brother, was exceedingly good. Dave Williams, as Lazarus, was the funny man of the play. He was especially good and his every appearance on the stage was a signal for loud applause. Lillian Griffith, as Naomi Glyndon, played the part of Harry Glyndon's sweetheart in a very pleasing manner. The strongest character of the whole play was Clara Hammer as Ned, a young lad who was rescued from a life of misery by Harry Glyndon. Ned proved the faithful friend of Harry and eventually was the means of saving him from imprisonment on false charges. The specialties, with the exception of the first were exceedingly good. The juggling was a remarkable exhibition and was greatly enjoyed. The Godellos, in their special musical selections, were given a very good hearing.

EDMONTON RACES

Tuesday's races resulted as follows: Named race, two in three:—Lucy M. Geo. Gouin, first. Glideway Jim, McMillan and Matheson, H. H. River, second. Big Dan, J. C. Starrett, third. Time 2.31. Half Mile Open Run, two in three:—Result of first heat only. First, Shoestring. Second, Bob Bissett. Third, Fanny. Five-eighth Mile Dash, Open. First, Scallawag. Second, O'Day. Third, Chester.

THE OPENING DAY

The opening day of the Edmonton Exhibition was very successful. A very large crowd of people turned out. The grand stand was well filled with those watching the races and numerous other people gathered around where the judging was going on. The Calgary Fire Brigade band furnished excellent music and were very generous with their selections. The St. Albert Industrial School brass band attracted a great deal of attention. This band is composed chiefly of Indian boys and their music was remarkably good. Indians are very much in evidence. They have gathered in to celebrate the birth of this glorious Dominion and to take in the sports of the Exhibition. There is a regular village of Indians encamped west of the Exhibition grounds, where the Indians are celebrating in their own peculiar manner.

The races were perhaps the main object of attraction. The track was in perfect condition and the entries in each class were fairly large. The fact that several local horses were competing was an added attraction to spectators. Rain, which had been threatening all day, began to fall just as the final race was being pulled off.

The exhibits of horses and cattle were numerous and much superior to last year in both number and quality. Last year where there was but one entry in the class, stallions, three years and over; this year there were five and all were excellent horses, the competition being very keen. No cattle were judged yesterday and very little progress made with the judging of horses. The sheep, hogs and poultry exhibits attracted considerable attention. The agriculture and horticulture and dairy products exhibits are large and very well arranged. A numerous display of ladies work, domestic manufactures and other classes was shown.

AN INTERESTING VISITOR

They arrived in Edmonton last night, F. W. Dunn, who came to this place eighteen years ago this month in very different circumstances than at present. Then the country was in the height of a rebellion and Mr. Dunn was a volunteer, a member of C. School, Toronto. He served at Fish Creek, Batoche, Prince Albert, Battleford, Frog Lake and Edmonton. From Edmonton part of his company marched down the Edmonton trail to where Red Deer now stands. Mr. Dunn has two copies of the Bulletin of eighteen years ago, which he prizes very highly. Then, of course, the country was unsettled and the progress made since a wonderful. Although having heard a great deal of Edmonton during the last few years, Mr. Dunn had no idea that he would find Edmonton the city that it is. Mr. Dunn has taken a position in Red Deer and is greatly pleased with his location there.

NEW ADVERTISEMENTS

AUCTION SALE

STOCK AND MACHINERY

Charles Shaw, of Star, Executor of the estate of Henry E. Spars, offers for sale by public auction at his place S.E. 14-55-19, the following first-class stock and machinery, the property of the estate: One two year old stallion, three parts Percheron; one team working horses, five two year old colts, ten cows, seven two year old cattle, one yoke oxen, stove, two wagons, binder, reaper, seeder, two mowers, horse rake, set discs, set harrows, breaking plough, stubble plough, set sleighs harness, etc., etc.

THE CANADA WEST LAND CO. LIMITED

Petroleum Topic.

Messrs. A. T. Gurd, W. M. Lowery
and H. J. Dawson, of Petrolia, J. H.
Kittermaster, of Courtright, and Fred
W. Kittermaster, of Sarnia, have been
incorporated as a company by the Do-
minion government under the name of
The Canada West Land Co. Limited,
with head office at Edmonton, N. W. T.
The principal business of the company
will be buying and selling real estate,
but in addition they have powers to ac-
quire and sell buildings, water powers,
timber, oil, gas and minerals, and live
stock, also to operate mills, drilling
rigs and pipe lines.

Plowing Matches and Progress

Farmers' Advocate.

That plowing matches go hand in
hand with agricultural progress may
be doubted by some, yet we are con-
vinced that such is the case and our
present observations are written with
a view to fostering consideration of
the matter in that light. The condi-
tions under which plowing matches are
held in the West are not conducive to
popularizing the competitions to an ex-
tent in anywise approaching their gen-
eral adoption. As the competitions
take place in the fall, in the cold, or
rod, or summer fallow, nothing like
the artistic effect shown in the Old
Country can be produced. Neverthe-
less, straight and uniform furrows
come a long way ahead of crooked and
erratic ones, and correct proportions of
breadth and depth is a point giving in-
finite opportunities of thought and
skill. In our present rush and hur-
ry to get over the broad acres of our
ever increasing agricultural area, too
little attention is paid to these points.
Plowing matches are institutions
where such and other matters are de-
monstrated in a practical manner in
accordance with the taste, skill and
ideas of the men operating.

Not only do the farmers learn by ob-
servation of the work done at these
functions, but such outings and meet-
ings are most enjoyable and interest-
ing from a social point of view. There
the farmers of the district meet in hol-
iday spirit and neighborly good-fellow-
ship, and when, as is generally the
case a picnic is combined with the
plowing match, all the youth and
beauty of the district are gathered to-
gether and an animated and pleasing
scene marks the occasion where plea-
sure and instruction go hand in hand.

Plowing in the matters of depth
and breadth and their proportionate
relationship varies in varied soil for-
mations and climatic conditions, so
that no hard and fast rule in the mat-
ter can be laid down. Plowing matches,
moreover, go far towards establishing
the proper dimensions and proportions
to be observed in the districts where
they take place. For the purpose of
killing and preventing of weeds also,
the plow, as all farmers know, is a
powerful agent, and its intelligent use
keeps many a farm clean in that res-
pect, for many of our most tenacious
weeds cease to trouble if harassed by
the plow in the right way and at the
proper season.

For these reasons we would highly
recommend the adoption of plowing
matches in all districts where the ex-
tent of the population is such as to
bring together a reasonable number of
competitors and spectators.

Sealed tenders addressed to the un-
derdesignated and endorsed "Tender for
Supplying Coal for the Dominion Build-
ings," will be received at this office un-
til Friday, July 24th, 1903, inclusively,
for the supply of Coal for the Public
Buildings throughout the Dominion.
Combined specification and form of
tender can be obtained on application
at this office.

Persons tendering are notified that
tenders will not be considered unless
made on the printed form supplied, and
signed with their actual signatures.

Each tender must be accompanied by
an accepted check on a chartered bank
made payable to the order of the Hon-
orable the Minister of Public Works,
equal to ten per cent. of amount of
the tender, which will be forfeited if
the party tendering declines to enter into
a contract when called upon to do
so or if he fails to complete the work
contracted for. If the tender be not
accepted the check will be returned.

The Department does not bind itself
to accept the lowest or any tender.

By order,
FRED GELINAS,
Secretary.

Department of Public Works,
Ottawa, June 11, 1903.

STURGEON

Sturgeon is about to lose a very valuable and useful resident in the person of the Methodist preacher, Rev. P. I. Thacker. He has been on this charge for the past three years and has done very efficient work on the circuit. He and his wife have rallied around them a little army of young people who are a credit to the church and the community. As a pulpit speaker, Mr. Thacker's discourses have always been of a high order. We are sorry to lose so valuable a citizen. At the last meeting of the Quarterly Official Board the following resolutions were moved by Rev. T. C. Carson, seconded by Harry Long, recording steward, and carried unanimously:

That whereas our Pastor, Rev. P. I. Thacker, has announced that in his judgment the time has come in the progress of the Word when the pastoral relation existing for the last three years should cease. Therefore be it resolved:—

That we express our appreciation of his fidelity to all circuit and congregational interests;

That we commend the singleness of purpose and aim of himself and his good wife, devoting all their time and energies to the work of Christ;

That we sincerely regret the departure from our midst of those who have become in the truest sense our friends;

That our prayers follow them and our heartiest God speed go with them to the new field to which they shall be appointed and that we assure them that the heartiest welcome always, if visits are practicable.

EAST EDMONTON

A social was held at the residence of Mr. Robert Palmer, Friday evening, the 26th inst., in the interest of the East Edmonton Methodist church. There was a large attendance.

The East Edmonton school closed on Tuesday the 30th of June. Our teachers, Mr. E. Richardson, leaves for Toronto on July 1st to attend a summer school for the study of the bible and missions at Victoria College, Toronto.

The farmers of this district have been making some much needed improvements in the road along the base line. A bridge is badly needed over the creek which runs through A. C. Rutherford's farm and some grading on the hill west of this creek.

BEAUMONT

The celebration of the fête de St. Jean Baptiste, on June 24 being postponed till the 25th on account of unfavorable weather, took place yesterday. The rains of the 23rd rendered the roads very heavy, so that the attendance from outside points was not large. A goodly number, however, attended from Edmonton and St. Albert. The band composed of Indian boys from the latter place was present and enlivened the proceedings with some selections.

Mass was celebrated at 10:30 in the church by Rev. Father Culier, after which a sumptuous repast was spread on the tables outside, for all who desired to satisfy the inner man. The ladies of Beaumont parish evidently spared no pains in furnishing the tables with all the good things which would satisfy the appetites of the most fastidious. In the evening supper was served in the same place. The following ladies attended to the tables: Mrs. De Barrie, President; Mesdames Lavigne, De Champs, Girard, Preville. The committee of management consisted of Messrs. Brunelle, President; Morneau, A. Plante, H. Lambert, C. Du Barre, F. Le Blanc, La Chapelle. Sports committee, E. Boudin, J. Cote and J. A. Connelly.

On account of the few competitors very few sports took place. A baseball match between Leduc and Beaumont resulted in a victory for the former. The pitcher and catcher on the Beaumont team, F. Pearson and F. Bell, did good work.

A pony race of three entries was won by the ponies of Mr. Lyons, of Strathcona first and second.

Some good speeches were delivered during the afternoon in French. Rev. S. Bouchard, parish priest, briefly addressed the visitors and introduced the speakers of the day. Mr. A. Primeau, of Edmonton, president of the society; Wilfred Garipey, barrister; J. Picard, Rev. Father Culier, St. Albert and Rev. Father Ethier, Morinville; and Mr. J. Tessier, Edmonton. Mr. Garipey followed with a speech in English for the English speaking visitors, of whom there was a goodly number. He spoke of the unity and good fellowship which should prevail among all classes and creeds and that all should labor to dispel any prejudices that may be existing and thus assist in making a prosperous and contented people. Other visitors from Edmonton were Messrs. Tessard, La Basse, Tessier, Duplessis, E. Duplessis, Cienier, the Messrs. Duplessis, and Miss Charbonneau.

will tell the story better than many words.
Victor Cream is fully equal to the richest fluid cream.
No other brand compares with it for all household purposes. It is simply the purest of Jersey Cream with the water evaporated.
Sold by Charlattelemes Condon, 1111 St. Charles, St. Louis, Mo.

DELIGHTED WITH EDMONTON DISTRICT

The touring editors of American Agricultural journals visited Winnipeg on their return trip from the Edmonton, Calgary and Moose Jaw districts. Every delegate professed to be greatly pleased with the Edmonton district. We append a few clippings from the Free Press report of an interview with the editors on their return from the west.

"Professor Shaw said that it had been one of unalloyed pleasure from start to finish and that too much could not be said of the courtesy of the government and the C. P. R. 'I was especially struck,' he said, 'with the splendid quality of country for mixed farming to be found in the Edmonton district which I saw on this trip for the first time.'"

R. W. Smith, editor of Farm and Home, Springfield, Mass., said:

"Of all the country we looked over I think I was most favorably impressed with the Edmonton district, more particularly for mixed farming."

Mr. Everett, editor of the Wisconsin Agriculturist and ex-president of the Wisconsin Dairy Association, and ex-secretary of the State Board of Agriculture says:

"I am greatly pleased and surprised at the agricultural possibilities of the Canadian west and believe the country has a great and bright future before it if the farmers combine intelligence, thought and skill with their labor and do not continue wheat growing to the detriment of soil fertility. While it is possible to grow paying crops of wheat on the same land for many years the Canadian farmer should be mindful of the future prosperity of his children and country, and should therefore not rob the soil of the richness that belongs to future generations. No country is prosperous without agriculture and there can be no successful agriculture without livestock. The farmers of the North-West must therefore become intelligent breeders and feeders of cattle, sheep and swine and must study animal conformation feeds and feeding. The Canadian west is well adapted to stock raising as it combines fertility of soil with pure water and nutritious grasses. Wheat growing should be combined with that which will keep the standard of fertility of the soil at its present high level."

WHITE WHALE LAKE

What timely rains! what glorious sunshine! How marvelous the growth this season! Many doubtful or skeptical persons feared because of the late, cold and backward spring that there would be failure writ large. But there is a Providence who rules and who knows what is best for His creatures.

So far no floods, no bridges carried away and no impassable roads.

The tide seems to be turning for we see parties of land seekers passing up almost daily now. So long as they are real seekers we welcome, but when we hear one remark that the land is too rolling, we say, "Why did you come? We have told you that the White Whale country is rolling, not level prairie. It is designed for stock and dairy or mixed farming. If you want to be a grain grower, go elsewhere. But when we hear another complain there is too much bush and it means so much work to get it cleared, we feel like saying, 'You are too lazy to be a farmer.' Such people go into raptures over the cleared hay land on the Reserve, wishing they could get a homestead there. They would appropriate the labors of others without even a thank you. They want a farm all cleared, broken, fenced and buildings all erected, for ten dollars entry fee."

Our mail carrier may have an addition to his labors in the not distant future, in serving another office proposed to be established in the extreme southwestern part of Stony Plain settlement.

Our Stony Indians are considerably exercised over the chieftainship, now vacant for two years. One man, Diddymus, by persistent electioneering for the past two years has succeeded in gaining a majority vote when it was a question of Diddymus or none.

The last meeting of the Manitoba and Northwestern Conference has decided to make a Domestic and Indian mission, where formerly it was purely an Indian mission, and they have appointed Mr. Hopkins to aid Mr. Lent in looking after the enlarged field.

L. O.'s saw mill on the river has been shifting its location to get nearer its work, it being found easier to move the machinery than to haul the logs to the mill during the summer time. They are working day and night to supply the demand.

The general closing up of old trails by running fences along section lines is an unpleasant evidence of the growth of settlement.

How much better it would be if the District Engineer were sent along with a trail were laid out best suited for a permanent road and most adapted to meet the needs of whole communities, and then the settlers allowed to fence in the road allowance, where such was not required as an equivalent of what would thus be appropriated for public use. How much useless labor might thus be saved in making roads through or over impracticable places.

FAIR DATES

We publish below the following list of dates for the coming fairs:

Winnipeg July 20 to 25.
Wetaskiwin July 3 and 4.
Calgary July 7 to 10.
Brandon July 28 to 31.
